

# UdaPeople

CI/CD proposal

## Benefits of CI/CD

# Reduce costs

Less developer time on issues from new developer code

Less bugs in production and less time in testing

Prevent embarrassing or costly security holes

Less human error, Faster deployments

Less infrastructure costs from unused resources

# Increase Revenue

Less infrastructure costs from unused resources

New value-generating features released more quickly

Less time to market

# Protect Revenue

Reduced downtime from a deploy-related crash or major bug

Quick undo to return production to working state

# Best Practices CI CD brings

Fail fast so less  
time in debugging

Measure code  
quality

Maximum code  
automation

Only road to  
production
